

EUROPEAN COURSE ON THE PATHOLOGY OF LABORATORY ANIMALS

second
edition

Organized by The D.E.S.V. of Veterinary Pathology
& The C.L. Davis Foundation

In partnership with:

The French Society of Veterinary Pathology
VETERINARY SCHOOL OF NANTES (FRANCE)
MAY 15–19, 2006

PROGRAM

Monday

- 08h30–09h15 REGISTRATION
- 09h15–09h30 INTRODUCING REMARKS
- 09h30–11h00 Interfering Factors & Health Definition of Laboratory Rodents
Patrick HARDY, Sanofi-Aventis, Vitry-sur-Seine (France)
- 11h30–13h00 Genetic Definition & Backgrounds of Laboratory Rodents
Patrick HARDY, Sanofi-Aventis, Vitry-sur-Seine (France)
- 14h00–15h30 Clinical Pathology of Laboratory Animals (Part 1)
Nancy EVERDS, Haskell Laboratory for Health & Environmental Sciences
Newark, DE (USA)
- 16h00–17h30 Clinical Pathology of Laboratory Animals (Part 2)
Nancy EVERDS, Haskell Laboratory for Health & Environmental Sciences
Newark, DE (USA)

Tuesday

- 09h00–10h45 Infectious Pathology of Rats & Mice (Part 1)
Charles CLIFFORD, Charles River Laboratories, Wilmington, MA (USA)
- 11h15–12h30 Infectious Pathology of Rats & Mice (Part 2)
Charles CLIFFORD, Charles River Laboratories, Wilmington, MA (USA)
- 14h00–15h00 Diseases of the rabbit
Jo Lynne W. RAYMOND, AFIP, Harpers Ferry, WV (USA)
- 15h00–15h45 Biology & Use of Göttingen Minipigs (Part 1)
Mikala SKYDSGAARD, Scantox, Lille Skensved (Denmark)
- 16h15–17h15 Pathology of Göttingen Minipigs (Part 2)
Mikala SKYDSGAARD, Scantox, Lille Skensved (Denmark)

Second Edition

Wednesday

- 09h00–10h30 **Diseases & Neoplasms of the Aging Rats**
Charles CLIFFORD, Charles River Laboratories, Wilmington, MA (USA)
- 11h00–12h30 **Diseases & Neoplasms of the Aging Mice**
Cory BRAYTON, Johns Hopkins University, Baltimore, MD (USA)
- 14h00–15h30 **Primate Pathology (Part 1)**
Franz J. KAUP, German Primate Center, Goettingen (Germany)
- 16h00–17h00 **Primate Pathology (Part 2)**
Franz J. KAUP, German Primate Center, Goettingen (Germany)
- 17h00–17h45 **Pathology of the domestic ferret**
Jo Lynne W. RAYMOND, AFIP, Harpers Ferry, WV (USA)

Course dinner

Thursday

- 09h00–10h30 **Major Diseases of Hamster, Gerbil & Guinea pigs (Part 1)**
Martha A. HANES, Rollins Animal Disease Diagnostic Laboratory
Raleigh, NC USA)
- 11h00–12h00 **Major Diseases of Hamster, Gerbil & Guinea pigs (Part 2)**
Martha A. HANES, Rollins Animal Disease Diagnostic Laboratory
Raleigh, NC (USA)
- 12h00–13h00 **Current Trends & Evolution of Regulations: Impact on Studies & Experiments**
Hans Joachim HACKBARTH, Veterinary School of Hanover (Germany)
- 14h00–14h45 **Pain: Physio-Pathology & Interference with Research**
Eric TRONCY, University of Montreal (Canada)
- 15h00–17h30 **Session A*: Histopathology Practical Session**
Cory BRAYTON, Johns Hopkins University, Baltimore, MD (USA)
et al
- Session B*: Necropsy & Sampling Techniques For Clinical Pathology &
Histopathology**
Laurence FIETTE, University of Geneva (Switzerland)
& Mohamed SLAOUI, Sanofi-Aventis, Vitry-sur-Seine (France)

Friday

- 09h00–12h30 **Mock Practical/Gross Exam (Blend of ECLAM & ECVP Oriented Questions)**
Cory BRAYTON, Johns Hopkins University, Baltimore, MD (USA) et al

*: Session A is recommended for Veterinary Pathologists
Session B is recommended for Laboratory Animal Vets
